

Parental Waiver for Tubing the Pequea Creek

*Tubing the Pequea Creek is an off-campus activity that has become tradition at RCM. We take buses to a drop off point at Silvermine Park and pull out near Loop Rd in Pequea Township. It does involve students tubing down an open creek between two (2) points. Adult chaperones accompany the students and while we try to take all precautions to keep this activity safe for students, there is a level of risk associated with the activity that even the most diligent safety measures cannot eliminate. Due to the nature of this activity, students will not be able to participate without this additional waiver signed by a parent/legal guardian. **PFD's (Life Vests) are NOT provided. Participants are required to provide their own if desired.***

I hereby release the Rawlinsville Camp Meeting, its staff, and sponsoring churches from responsibility and liability for any injury or illness that my child may sustain during the Tubing the Pequea Creek activity while participating at Rawlinsville Camp Meeting. I expect to be contacted as soon as possible in the event of an injury or illness requiring treatment. In the event of an emergency, I authorize RCM staff members, as an agent for me, to consent to any medical, dental, surgical procedures deemed necessary by a licensed professional for the diagnosis, treatment, and/or care of my injured or ill child.

****Special Note:** conservative attire is required for this event with all students asked to wear dark colored tee-shirts (non-see through when wet) as well as shoes. Old sneakers work great and sandals that secure onto the foot are acceptable. Flip-flops and other open style shoes tend to get lost and/or float away. Staff will review proper dress attire and behavior standards so that this continues to be an enjoyable and safe event for all.
